

Will Out of State

The recording requirements for an out of state will are as follows:

Before recording an out of state will, the county clerk or deputy must ensure the will has been processed through the KENTUCKY probate court in their county and has a certificate of probate from their county.

The will must be an authenticated or exemplified copy of the will and include the probate certificate from the resident state.

The Kentucky probate certificate is required along with the authenticated copy of the will and certificate of probate (from the resident state) to be recorded in the county clerk's office. KRS 394.150
